

JEMISON CYCLING TOURS

Make yourself happy and come ride with us.

JEMISON CYCLING TOURS

About Us

Marty Jemison

A native of the Rocky Mountains and one of the principals of MJCT, Marty discovered his passion for cycling and refined his extraordinary skills in and around Europe. Having ridden professionally in the European peloton for seven years, Marty is one of 29 Americans to have completed the world's greatest race, the Tour de France — twice, in fact, in 1997 and 1998. Marty won the 1999 US Pro Championships, earning him the coveted Stars 'n Stripes national champion's jersey. Marty is bi-lingual and holds a degree in Economics from the University of Utah.

Morgan

A graduate of Northern Michigan University, Morgan has been cross-country skiing since she was 2yrs old. She has traveled the world, raced in numerous World Cup events and her achievements are so extensive that she can be found on Wikipedia. Morgan's been riding bikes since she was 5 and continues this passion every summer. Morgan is a phenomenally strong cyclist and is the only person we know who can drop you on Mt Ventoux, then stop, smile and see if you'd like anything to drink or eat. ..before riding up the road to check on the next guest..

What We Do

GRAN FONDO'S IN EUROPE

*We offer the most exclusive
and customized cycling
experiences in the world.
Enjoy a lifetime experience.*

FULLY GUIDED

*Everything Jemison
Cycling Tours offers, is
derived from its
250,000 miles of
experience on the best
roads of Europe.*
